INSTALLATIE

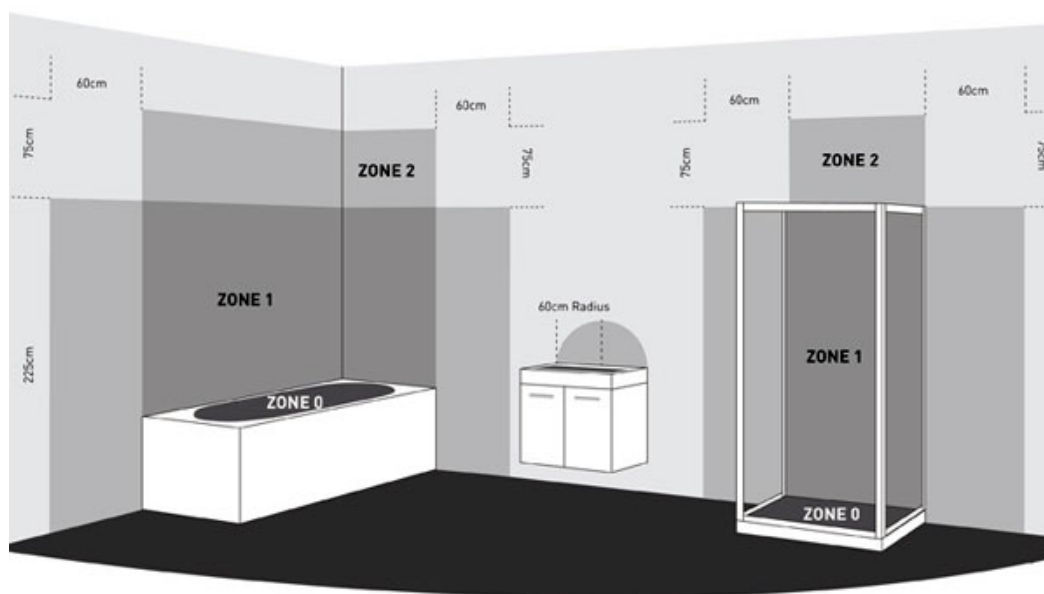

We raden ten eerste aan dat alle elektrische werkzaamheden worden uitgevoerd door een gekwalificeerde elektricien en dat de installatie door twee personen wordt uitgevoerd. Zorg ervoor dat het elektriciteitsnet waarop de spiegel wordt aangesloten, is uitgeschakeld. Sluit de bedrading op de aansluitdoos aan volgens onderstaand aansluitschema.

ELECTRISCHE INFORMATIE

Alle installaties moeten voldoen aan de richtlijnen die betrekking hebben op de specifieke badkamerzones en deze moeten worden gevolgd om een veilige installatie van elektrische apparaten in de badkamer te garanderen.

Alle installaties moeten worden uitgevoerd in overeenstemming met de huidige I.E.T.-bedradingsvoorschriften en relevante bouwvoorschriften.

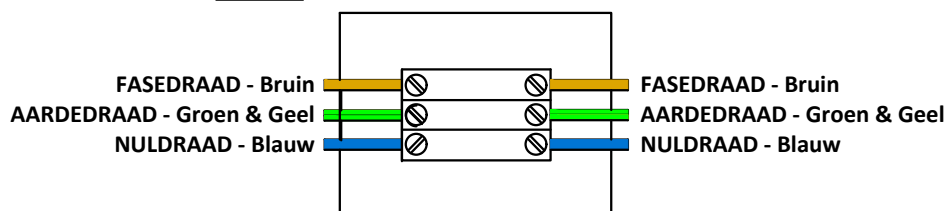

Dit product heeft een IP44-beschermingsgraad en is geschikt voor installatie in ZONE 2 en BUITEN ZONE 2.
